SAFE

Universal Fire Extinguishing Spray, 500 ml

500 RED

Primarily designed for extinguishing incipient fires in homes, kitchens, garages, cars, offices, cottages, etc. Certified for extinguishing fires of type A (solid flammable substances), F (edible oils and fats), E (electrical equipment under voltage up to 1000 V). Can be used down to -20 °C.

A Solid Fires

F Edible Oil Fires

1000V Electrical Fires

- SAFE 500 RED enables immediate intervention at the first signs of fire and, thanks to modern technologies and innovative standards, offers extremely effective and versatile extinguishing. It is specially developed for safe and effective control of initial fires of these basic classes:

  A – Solid fires (wood, paper, straw, rubber, coal, textiles, etc.)
  E – Electrical fires (fires in electrical equipment under voltage up to 1000 V)
  F – Edible oil fires (vegetable or animal fats)

Completely Safe

- Protects without compromise, extinguishes quickly and effectively
- After its use, no traces, stains or spots remain
- Your surroundings will remain untouched and you do not have to worry about any collateral damage in areas that were not affected by the fire

Handle as with a Regular Spray

- Simply remove the protective cap, approach the fire from a safe distance, point the sprayer at the fire source and activate the spray by pressing down the nozzle

-20 C Frost Resistant Down to -20°C

- The basis of the SAFE 500 RED extinguishing agent is a fluorine-free RM foam concentrate, which, thanks to its consistency, can cope even in extreme conditions in the temperature range from -20 °C to +50 °C

Quick and Easy to Use

- This versatile extinguishing agent is designed to provide you with fast and reliable protection against emerging fires in a variety of situations - whether in the car, workshop, garage, home, office, during barbecues or on outdoor trip

Environmentally Friendly

- Unique ecological composition with active substances enables safe and effective extinguishing of fires of solids, fats and oils

Certified and Tested

- The fire extinguisher SAFE 500 RED is developed and manufactured in the European Union under a valid license exclusively for the SAFE brand
- Thanks to the higher content of active substances, this spray ranks among the most effective and versatile fire extinguishers on the market

Compact Size

- The fire extinguisher SAFE 500 RED stands out for its compact dimensions and low weight, which ensures that it can be used by anyone - from children to seniors

Technical specifications

Fire classes	A, F and E
Extinguishing ability	5A - Solids 5F - Oils and greases E - Electrical equipment under voltage up to 1000V
Extinguishing agent	RM fluorine-free foam solution
Propellant	Nitrogen / N2
Pressure (at full capacity)	1.0 MPa at 25 °C
Spray range	3 – 4 m
Extinguishing time	19 s
Storage conditions	• Temperature: -20 °C to +50 °C • Humidity: 5% to 95% RH non-condensing

Extinguishing agent volume	500 ml
Environment	Non-toxic and environmentally friendly
Declaration of conformity	CE
Tested	MPA Dresden GmbH, EQC
Product dimensions	66 mm × 240 mm
Product weight	650 g
Carton dimensions	265 mm × 250 mm × 205 mm
Carton weight	7.85 kg
Number of pieces per carton	12 pcs
EAN code	0703123018661
